

Tree of Memories

The Tree of Memories was established at Midlands Hospital in 1989 for those suffering the loss of a loved one. An ornament is placed on the Tree of Memories and is displayed throughout the holiday season. The ornament is registered and carefully packed away after Christmas and displayed annually. Currently, the Tree of Memories is graciously hosted at the Sump Memorial Library in Papillion, Nebraska. Midlands Community Foundation has partnered with the Grief Recovery Program and Kahler Dolce Mortuary to sponsor and support this vital and worthwhile program.
